IN-HOME SERVICES

5-YEAR & 10-YEAR PROTECTION PLAN

Countertop Protection Plan

Accidents happen, but you don't need to be stuck with expensive repairs. With the Granite Gold® Protection Plan, you'll be covered against unexpected damage, like chips, cracks, scratches, and more. It's the affordable, worry-free way to make your new countertops last for years to come.

- **Manufacturer Warranties:** Traditionally they cover only food and beverage stains, NOT the common, accidental damages. This plan covers what they won't PLUS food and beverage stains.
- **Costly Risk of Declining Protection:** Without coverage, repair technicians will charge on average \$400 plus additional costs depending on the severity of the damage and repair required.
- **No Additional Charges:** There are no additional fees if repairs are needed. No trip charges, no deductible.
- **Coverage Includes:** Up to \$20,000 of residential interior countertops.
- **Time Is Running Out:** Plan must be purchased within 30 days of installation. It cannot be purchased once the 30 day post-install window has expired.
- **Non-Transferable:** If/when a homeowner sells their home, the protection plan cannot be transferred to the new homeowner.
- **Backed by a National Brand:** From the same company that makes the best-selling Granite Gold® premium brand of stone care maintenance products. Granite Gold is widely regarded as THE Stone Care Experts; a third-generation family of stone experts, dating back to the '50s.

“

I just wanted to tell you that Art left after doing a fabulous job! You cannot even see where he made the repair! He was very easy to do business with and such a nice young man to boot! If I have any additional problems with my countertops, I hope he'll be sent out to do the work. I'm beyond happy and pleased with the work.

—Pam

Thank you! We only had the countertops for three days. I was in tears before I remembered we paid for this warranty.

if you don't have a protection plan:

\$550—\$750

Covering Every Stone & Quartz Care Need

Granite Gold® products are formulated especially for all types of countertops.

The Stone Care Experts

The Granite Gold Company was founded in 2002 by cousins Lenny Sciarrino and Lenny Pellegrino, third-generation stone care experts who launched the Granite Gold brand of premium care and maintenance products for stone and quartz surfaces. They are named after their grandfather, Leonardo Pellegrino, who came to the United States in the 1950s, bringing with him an Italian heritage known for expertise in the stone industry that he passed on to generations of family.
